

Cancellation of Request for Quotations

This serves as notice that the Eleventh Circuit hereby cancels the request for quotations, posted on this website on 19 March 2018, for “2018 Judicial Conference Audiovisual Service and Support.” At the time the Court issued the request for quotations, it did not realize that, pursuant to the Court’s agreement with the conference hotel and the hotel’s agreement with their in-house technical vendor, we are required to use the in-house vendor for a significant portion of the required audiovisual services. As a result, we cannot satisfy the listed requirements via a public request for quotations.
