## Nota Bene: Edit Before Using!

---

We are distributing this manual in Word format to make it easier for you to customize the content to follow your local rules and CJA rules. Consider the following questions when customizing your information:

- Do you wish to include CJA administrator contact information for attorneys or include a website link?
- Are you using the CM/ECF link in eVoucher?
- Are attorneys allowed to edit their own profile information or enter holding periods?
- Do attorneys still file any CJA-related documents in CM/ECF?
- What is your policy about interim payments?
- How does your site handle the CJA-24 Auth and the CJA-24 voucher? Are court reporters involved as experts? Does the attorney create the CJA-24?
- Do the panel attorneys use the Continuing Legal Education (CLE) tracking feature in eVoucher?
- Do the attorneys complete the travel authorization provided in eVoucher?
- Do you use the email proposed appointments available in eVoucher? How are attorneys notified of appointments?
- Can you provide more specific information about the kinds of documents you wish the attorney to attach for each document type?

## Introduction

---

The CJA eVoucher system is a web-based solution for submission, monitoring, and management of all Criminal Justice Act (CJA) functions. The eVoucher program allows for:

- Online authorization requests by attorneys for service providers.
- Online voucher completion by the service provider or by the attorney acting for the service provider.
- Online voucher review and submission by the attorney.
- Online submission to the court.

Unless the court has indicated otherwise, attorneys are generally required to create and submit vouchers for their service providers and associates. The program includes the following modules:

## Panel Management

---

- Allows attorneys to manage their own account information including address, phone, firm associations, and applicable CLE credits
- Allows for submission of holding periods or a specific amount of time taken off for medical leave, vacation, etc.

## Voucher and Authorization Request Submission

---

- Authorization requests by attorneys for expert services
- Requests by attorneys for interim payment
- Supporting document uploads to vouchers or authorization requests
- Reports for attorneys to take an active part in monitoring costs
- Automatic email notification to attorney of approval or rejection of vouchers and authorization requests

## Browser Compatibility

---

- Windows: Chrome 62, Edge 16, Firefox 57
- Apple Macintosh: Safari 10.1

## Court Appointment

---

When you make an appointment, the program automatically generates an email message to the appointed attorney. The email confirms the appointment and provides a link to the CJA eVoucher program.

Some courts may send a proposed email to the attorney, awaiting acceptance of a specific case.

## Accessing the CJA eVoucher Program

---

Starting with version 6.10, you are required to use Login.gov to securely sign in to the eVoucher application. You must create a Login.gov account or use an existing Login.gov account and have a Single Login Profile (SLP) to access eVoucher.

**Note:** Login.gov is a separate application from eVoucher. If you run into any issues, you must contact Login.gov support via their Help center page at <https://www.login.gov/contact>.

Follow the instructions in the next section to create your Login.gov account. Click the following links for additional information about Login.gov and helpful tips for creating your account.

Your Login.gov account is now created, and you are directed to add an authentication method. Continue to the next section and follow the instructions to complete this requirement.

**Note:** Once your Login.gov setup is complete, you will **ONLY** use the email address you entered and the password you created in Login.gov to access eVoucher, so it is important to remember them.

## Adding an Authentication Method

Login.gov requires that you set up at least one authentication method when creating your account. However, it is recommended that you select **at least two authentication methods** on different devices so that you have an alternative way(s) to sign in to eVoucher if your primary method becomes unavailable.

### Step 1

Select your first method of authentication, and then click **Continue**. Authentication methods include security keys, government employee IDs, authentication applications, text or voice messages, and backup codes.

#### Authentication method setup

Add another layer of security by selecting a multi-factor authentication method. We recommend you select at least two different options in case you lose one of your methods.

-  **Authentication application**  
Download or use an authentication app of your choice to generate secure codes.
-  **Text or voice message**  
Receive a secure code by (SMS) text or phone call.
-  **Backup codes**  
A list of 10 codes you can print or save to your device. When you use the last code, we will generate a new list. Keep in mind backup codes are easy to lose.
-  **Security key**  
A physical device, often shaped like a USB drive, that you plug in to your device.
-  **Government employee ID**  
PIV/CAC cards for government and military employees. Desktop only.

**Continue**

**Note:** Every time you sign in to eVoucher you are required to authenticate, so make sure you use an authentication method that's easy for you to access. For these instructions, the **Text or voice message** option is selected.

**Step 2**

To authenticate by text or voice message, in the **Phone number** field, enter your phone number, and then click the appropriate radio button to receive a one-time code either by text message or phone call. Click **Send code**.

**Add a phone number**

We'll send you a one-time code each time you sign in.

**Step 4**

Once your code has been successfully authenticated, you are prompted to add another authentication method (recommended). Click **Add another method** and follow the previous steps to create a second authentication method.

**Note:** It is recommended that you use a different device for your second authentication method, even if you choose the same setup option. For example, if you chose text or voice message as your first method, you can do the same for the second, as long as you use a different phone number.

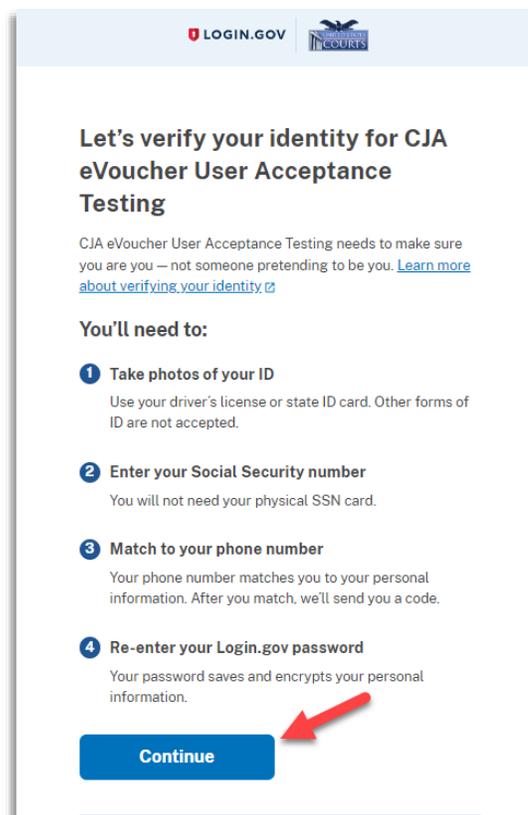

## Identity Verification

To access eVoucher, you must verify your identity by uploading an acceptable form of identification (driver's license or state ID). This added security measure is to ensure that you are not someone else pretending to be you.

**Note:** This is a one-time identity verification; if you have already proven your identity through Login.gov, you are not required to do this again.

### Step 1

If you've previously created a Login.gov account, you will be asked to verify your identity after signing in to Login.gov from the eVoucher sign-in page. If you're in the process of creating your Login.gov account, this step automatically appears after you've established your multi-factor authentication method(s). Click **Continue**.

The screenshot shows a web page for identity verification. At the top, there are logos for LOGIN.GOV and InCOURTS. The main heading is "Let's verify your identity for CJA eVoucher User Acceptance Testing". Below this, a paragraph explains the purpose: "CJA eVoucher User Acceptance Testing needs to make sure you are you — not someone pretending to be you. [Learn more about verifying your identity](#)". Under the heading "You'll need to:", there are four numbered steps: 1. Take photos of your ID (with a note that only driver's licenses or state ID cards are accepted), 2. Enter your Social Security number (noting that a physical card is not needed), 3. Match to your phone number (noting that a code will be sent after matching), and 4. Re-enter your Login.gov password (noting that the password is encrypted). At the bottom, there is a blue "Continue" button with a red arrow pointing to it.

## Step 2

Select the check box to allow Login.gov to ask for, use, keep, and share your personal information to verify your identity, and then click **Continue**.

### How verifying your identity works

Identity verification happens in two parts:

#### Verify your identity

We'll ask for your personal information to verify your identity against public records.

#### Secure your account

We'll encrypt your account with your password. Encryption means your data is protected and only you will be able to access or change your information.

By checking this box, you are letting Login.gov ask for, use, keep, and share your personal information. We will use it to verify your identity.

## Vendor Manager System (VMS)

Beginning with release 6.11, you must create an account in the Vendor Manager System (VMS) to manage your payment account information, including electronic file transfer (EFT) payments for your services. This VMS account must be created and linked to your eVoucher account before you can submit a voucher for payment.

### Step 1

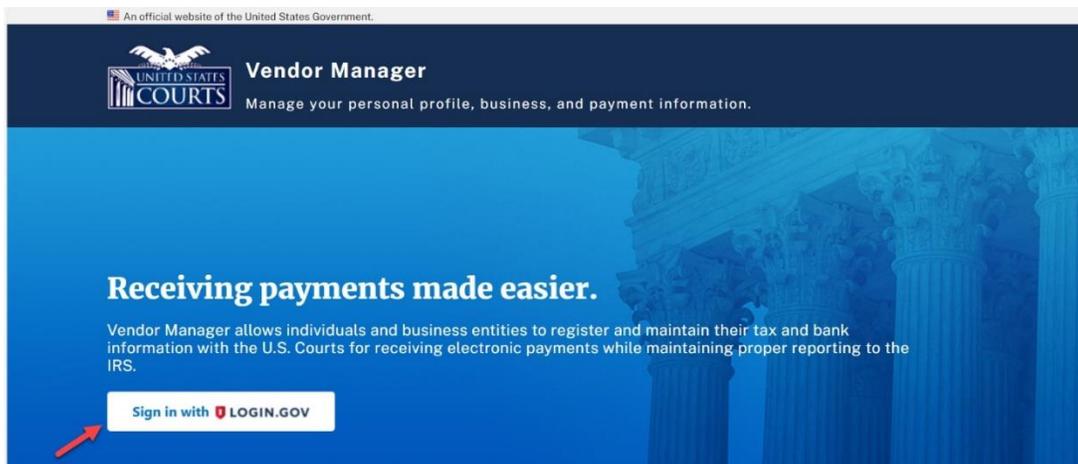

A banner directing you to complete your vendor information in VMS displays on every page in eVoucher until you set up at least one payment account in VMS. Click the **Sign in to Vendor Manager** link to access VMS.

The screenshot shows the top navigation bar of the CJA eVoucher system. The header includes the text "CJA eVoucher - Texas Western District Court SDSO Training Sandbox - Release 6.11.0.0" and "David D Attorney (Attorney)". A search bar is visible on the right. Below the navigation bar, a yellow warning banner is displayed with a red border. The banner contains the following text: "Vendor Information Incomplete", "You must provide vendor and payment information in Vendor Manager before you can submit a voucher for payment. Go to Vendor Manager to proceed.", and "Refresh page (F5) for latest information." A red arrow points to a blue link labeled "Sign in to Vendor Manager" within the banner.

### Step 2

On the VMS landing page, click **Sign in with LOGIN.GOV** to begin creating your account.

The screenshot shows the Vendor Manager landing page. At the top, it says "An official website of the United States Government." and features the "UNITED STATES COURTS" logo. The main heading is "Vendor Manager" with the subtitle "Manage your personal profile, business, and payment information." Below this, a large blue banner contains the text "Receiving payments made easier." and "Vendor Manager allows individuals and business entities to register and maintain their tax and bank information with the U.S. Courts for receiving electronic payments while maintaining proper reporting to the IRS." A red arrow points to a white button labeled "Sign in with LOGIN.GOV" at the bottom of the banner.

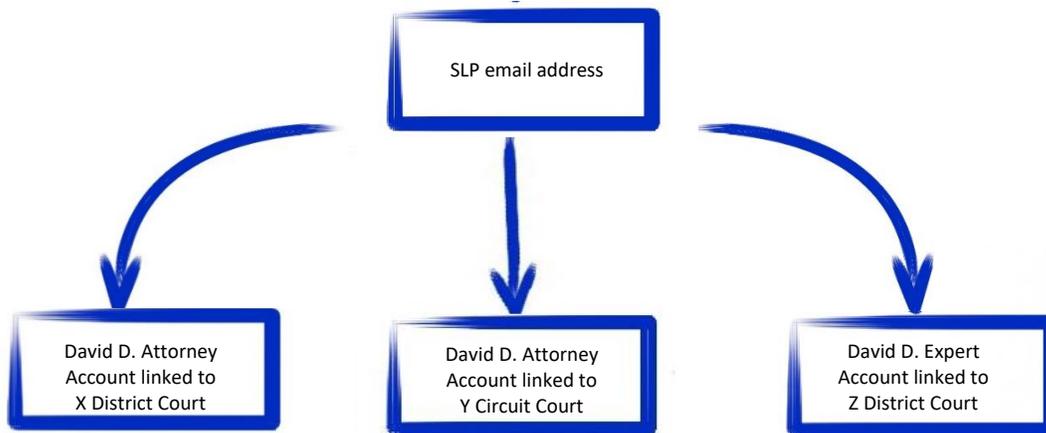

### Step 3

Review the VMS job aids for all the information necessary to create your VMS account.

## Importing Service Entries

Attorneys using commercially available timekeeping and billing systems can directly import multiple service entries into a CJA-20/30 voucher from a file saved in comma-separated value (.csv) format.

As a best practice, the Import Service Entries feature should be started on a new or empty CJA-20 voucher. If you have service lines already entered on a voucher, they will be overwritten with the data imported from the .csv file.

**Note:** If you have an associate on your voucher and want to use the import service entry function, the lead attorney **MUST** import their entries first or they will overwrite the associate attorney's entries. Review the Importing Time job aid on the eVoucher training website for more detailed instructions for importing service entries with associates.

### Step 1

Select the appropriate appointment and click the **Create** link for the CJA-20 voucher to open the document. In the Actions section on the left side of the page, click the **Import Service Entries (.csv)** link.

## Reports and Case Management

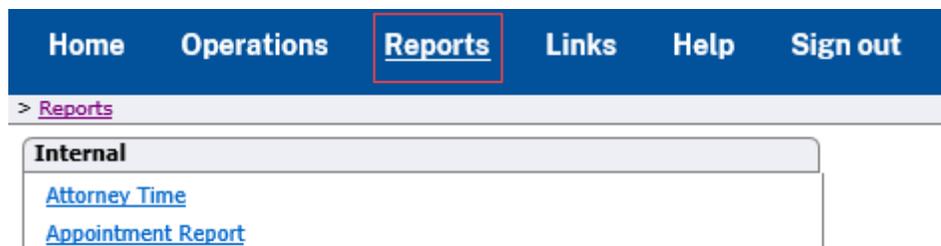

At the start of a case, it may be difficult for counsel or the court to know whether a case has the potential to exceed the statutory maximum allowed for representation.

Therefore, attorneys are encouraged to monitor the status of funds, attorney hours, and expert services by reviewing the reports provided in the CJA eVoucher program. Items to remember:

- Viewable reports appear in the left review panel.
- Each panel, depending on the document you are viewing, can have different reports available.
- Each report can have a short description of the information received when viewing that report.
- The two main reports are the Defendant Detail Budget Report and the Defendant Summary Budget Report.

To find other accessible reports, from the menu bar at the top of the screen, click **Reports**.

## Defendant Detailed Budget Report

This report reflects the total amount authorized for this representation, any excess payment allowed, the vouchers submitted against those authorizations, and the remaining balances.

It provides the information in two sections: attorney appointment and authorized expert service.

### Step 3

The service type auto-populates based on the authorization selected. If no authorization is being used, click the **Service Type** drop-down arrow and select the service type. In the **Description** field, enter a description of the service to be provided.

#### New Voucher Information

The screenshot shows a form titled "New Voucher Information". It has two main sections: "Service Type" and "Description". The "Service Type" dropdown menu is open, showing "Investigator" as the selected option and "Research" as a visible option. The "Description" field is empty.

### Step 4

From the **Expert** drop-down list, select the expert. If the service providers or experts have rights to enter their own expenses, the Voucher Assignment radio buttons become active. Click the appropriate radio button to indicate whether you or the expert will enter the service fees on the voucher, and then click **Create Voucher**.

The screenshot shows a form titled "Service Provider". It includes a search instruction: "Search for a service provider. If you do not find who you are looking for, contact an eVoucher administrator to add a new provider." Below this is an "Expert" dropdown menu with "Jennings, Julie" selected. Underneath is an "Expert Info" section with details for Julie Jennings: "110 Main Street, San Antonio TX 78210 US, Phone: 210-452-5512". The "Voucher Assignment" section has radio buttons for "Attorney" (selected) and "Expert". A note below says "This indicates who will be responsible for filling the voucher claim part". At the bottom is a "Create Voucher" button.

#### Notes:

- Only experts assigned with the service type selected appear in the drop-down list.
- All information must be entered to advance to the next screen.
- If the expert selected is authorized to use eVoucher, you are done at this point and can click **Home** or **Sign out**.
- If the expert selected is not authorized to use eVoucher, the attorney must file the voucher on behalf of the expert. The voucher appears in the My Active Documents section as submitted to the attorney. They must perform the second-level approval/submission by clicking the voucher, navigating to the Confirmation page, and approving the voucher, which then moves to the My Submitted Documents section.

**Step 5**

If the expert does not have an eVoucher account and profile, you must contact an eVoucher administrator to add a new provider.

**Import failed.**  
5 errors were found in *CJA-20 Service Time Import.csv* during import process. No data was updated. [View Report](#). Correct errors and [try again](#).

Attorneys should still review the voucher to ensure that entries are correct prior to submission to the court. For the remaining tabs of the CJA-20 or CJA-30 voucher, please see instructions for those documents.

## Appendix B: Creating the Excel File for Import

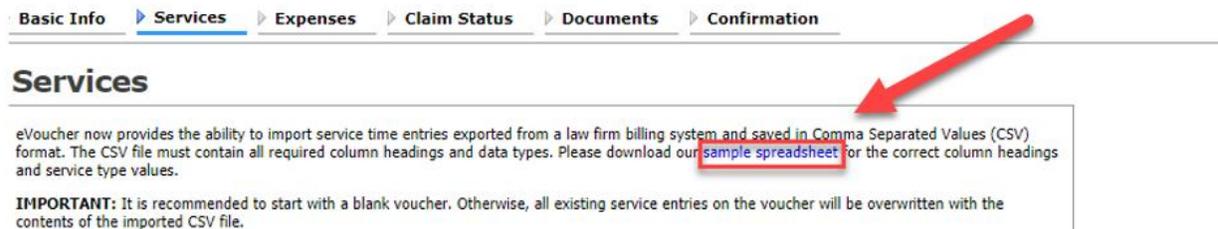

Once you begin the process of importing your service entries to a CJA-20 or CJA-30 voucher, sample spreadsheets are available to download on the Services page. These sample spreadsheets are in Excel (.xlsx) format that must be saved in .csv format.

Basic Info | **Services** | Expenses | Claim Status | Documents | Confirmation

### Services

eVoucher now provides the ability to import service time entries exported from a law firm billing system and saved in Comma Separated Values (CSV) format. The CSV file must contain all required column headings and data types. Please download our [sample spreadsheet](#) for the correct column headings and service type values.

**IMPORTANT:** It is recommended to start with a blank voucher. Otherwise, all existing service entries on the voucher will be overwritten with the contents of the imported CSV file.

For the .csv file to be successfully uploaded into and accepted by eVoucher, it must contain a header row with specific column headers, as seen below. The header row contains four mandatory column headers (Date, Hours, Description, Service Type) and two optional column headers (Doc. #, Pages). The Doc. # and Pages fields may be included in the header row; however, they are not required unless data is provided.

If the header row contains service entry information instead of headers, the data in that row will be ignored and won't import into your voucher. Sample spreadsheets containing the correct column headers and service type values for each voucher type are available in the online help.

## Appendix C: Converting the Excel File to .csv Format

Most commercially available spreadsheet applications allow you to save in .csv format. For a file saved in Excel (.xlsx) format, follow these steps to create your .csv import file.

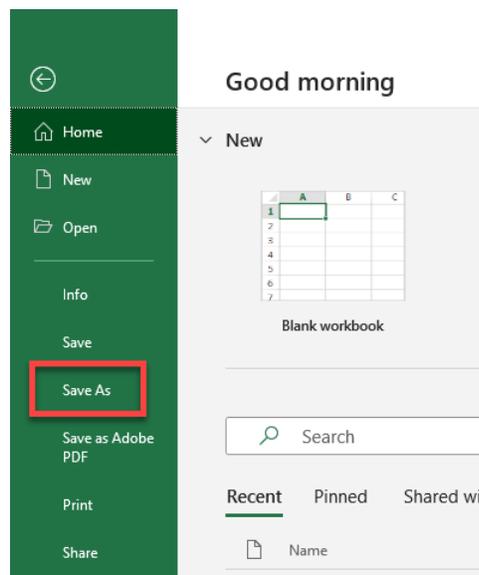

### Step 1

In your Excel file, click the **File** tab.

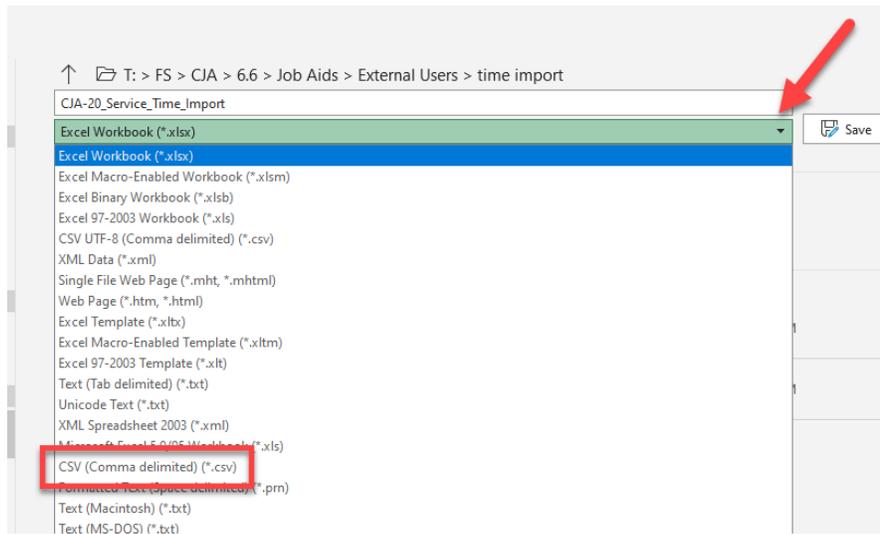

### Step 2

From the left navigation menu, click **Save As**.

On the Save As page, click the drop-down arrow and select **CSV (Comma delimited) (\*.csv)**.

Your .xlsx file has now been converted to a .csv file and can be imported into the Services page of your CJA-20 or CJA-30 voucher.
