## SUBMISSION OF QUOTE AND EVALUATION OF OFFERS

1. The following judiciary provisions and clauses, that the Contracting Officer has indicated are applicable, are incorporated in this solicitation:

☒ Provision B-1, Solicitation Provisions Incorporated by Reference (SEP 2010)

This solicitation incorporates one or more solicitation provisions by reference, with the same force and effect as if they were given in full text. Upon request, the contracting officer will make their full text available. The offeror is cautioned that the listed provisions may include blocks that must be completed by the offeror and submitted with its quotation or offer. In lieu of submitting the full text of those provisions, the offeror may identify the provision by paragraph identifier and provide the appropriate information with its quotation or offer. Also, the full text of a solicitation provision may be accessed electronically at this address: <http://www.usCourts.gov/procurement.aspx>.

☒ Provision 3-5, Taxpayer Identification and Other Offeror Information (APR 2011)

(a) *Definitions.*

“Taxpayer Identification (TIN),” as used in this provision, means the number required by the Internal Revenue Service (IRS) to be used by the offeror in reporting income tax and other returns. The TIN may be either a social security number or an employer identification number.

(b) All offerors shall submit the information required in paragraphs (d) and (e) of this provision to comply with debt collection requirements of 31 U.S.C. 7701(c) and 3325(d), reporting requirements of 26 U.S.C. 6041, 6041A, and implementing regulations issued by the IRS. If the resulting contract is subject to the payment reporting requirements, the failure or refusal by the offeror to furnish the information may result in a 31 percent reduction of payments otherwise due under the contract.

(c) The TIN may be used by the government to collect and report on any delinquent amounts arising out of the offeror’s relationship with the government (31 U.S.C. 7701(c)(3)). If the

resulting contract is subject to payment recording requirements, the TIN provided hereunder may be matched with IRS records to verify the accuracy of the offeror's TIN.

(d) *Taxpayer Identification Number (TIN):* \_\_\_\_\_

- ☐ TIN has been applied for.
- ☐ TIN is not required, because:
  - ☐ Offeror is a nonresident alien, foreign corporation or foreign partnership that does not have income effectively connected with the conduct of a trade or business in the United States and does not have an office or place of business or a fiscal paying agent in the United States;
  - ☐ Offeror is an agency or instrumentality of a foreign government;
  - ☐ Offeror is an agency or instrumentality of the federal government.

(e) *Type of organization:*

- ☐ sole proprietorship;
- ☐ partnership;
- ☐ corporate entity (not tax-exempt);

## STATEMENT OF WORK (SOW)

### 1.1 INTRODUCTION:

The carpet in the Training Room and connecting corridors of the Elbert P. Tuttle Court of Appeals Building has become dirty and damaged. This room serves as a training area, meeting room, and event space for the United States Court of Appeals for the Eleventh Circuit.

### 1.2 OBJECTIVES:

Contractor shall remove existing carpet and shall install new carpet that is designed for heavy traffic areas and meets the design and aesthetic specifications provided by the Contracting Officer's Representative (COR).

### 1.3 SCOPE:

Contractor shall provide all labor and materials to remove the existing carpet and padding in the Training Room and replace with new carpet and padding. Contractor shall repair any damage found or created during the removal and installation of finishes.

### 1.4 SPECIAL REQUIREMENTS/INFORMATION:

The installing contractor shall have a minimum of two (2) years' experience installing the type of carpet specified below.

#### **Carpet Specifications:**

1. Carpet shall be broadloom (tufted or woven) rated for heavy traffic.
2. The carpet manufacturer shall have a minimum of five (5) years' experience manufacturing similar products.
3. Carpet shall have a 10 Year Service Life warranty from the manufacturer.
4. Carpet padding shall be appropriate to the carpet and rated for heavy traffic.
5. Carpet shall be constructed with pre-dyed colored yarns.
6. Carpet shall be composed of a minimum of 20% Type 6 or Type 6,6 continuous filament Nylon.
7. Carpet shall have a minimum of five colors and a maximum of twelve colors.
8. Carpet shall have a minimum average density of 10 row / 35 oz. pile weight / 65 oz. total weight / average pile density of 4,200 oz./yd<sup>3</sup>.
9. Carpet shall have an average pile height of 3 mm minimum.
10. The design of the carpet shall incorporate elements shown in the **Tuttle Building Design Imagery** and shall be unique via a custom design process. To achieve the formal look appropriate to the building, a combination of three related carpet patterns shall be installed like that shown in the attached drawing, **Design Areas for Training Room Carpet**. The three carpet designs are composed of a field carpet, a border carpet, and an inset carpet. The carpet patterns shall use a combination of colors and pattern that have enough variety to hide stains. Solid color areas shall be no larger than 4 square inches.
11. Carpet shall have a tuft bind complying with ASTM D-1335:
  - a. Cut pile – 3.0 lbs. minimum average value.
  - b. Loop pile – 10 lbs. minimum average value.

- c. Woven – 4.4 lbs. (loop pile) or 2.2 lbs. (cut pile minimum value).
- 12. Carpet shall comply with electrostatic propensity AATCC 134 3.5 kV max (Step).
- 13. Carpet installation shall comply with all applicable flammability requirements of Georgia building codes and GSA P100 requirements. Minimum requirements to meet the following:
  - a. Smoke density ASTM E-662 less than 450 corrected optical density (flaming mode).
  - b. Small scale flammability ignition source, 16 CFR 1630 and/or ASTM D-2859 (Methenamine Pill Test).

## **2 REQUIREMENTS:**

**Contractor shall perform the following tasks:**

- 1. Field measure scope area to confirm exact dimensions.
- 2. Provide design options for review and approval by the COR.
- 3. Submit product data information including manufacturer's product specifications, electrostatic and flammability testing reports, installation instructions for carpet, floor preparation, seaming techniques, installation accessories, maintenance instructions, and warranty information prior to carpet and padding installation.
- 4. Submit carpet samples of the proposed carpet designs showing the carpet construction and colors for review and approval.
- 5. Submit drawings of the scope area showing seam locations and pattern placement.
- 6. Participate in a pre-installation meeting with the COR and other Court staff.
- 7. Remove existing rolling furniture (stacking chairs and tables) and place in nearby storage room designated by the COR.
- 8. Remove existing carpet and padding and haul away.
- 9. Prepare all surfaces as necessary for new carpet and padding.
- 10. Provide and install new carpet and padding, seaming material and transition strips at the same location, complying with the recommendations of the **Carpet and Rug Institute Specifier's Handbook (CRI 104 Carpet Installation Standard for Commercial Carpet)**.
- 11. Cut carpet tight around the round electrical floor outlets ensuring that all edges are hidden under the transition trim.
- 12. Protect installed carpet, padding, furnishings, and fixtures until completion of the project.
- 13. Install new shoe molding at carpet edge.
- 14. Paint shoe molding to match existing wood trim.
- 15. Retrieve rolling furniture (stacking chairs and tables) previously placed in nearby storage room and re-install in locations within the Training Room as directed by the COR.
- 16. Perform a final cleaning of the work area.
- 17. Coordinate with the COR to schedule work so that work does not interfere with Court functions.
- 18. Provide a warranty of not less than one year on all labor and material.
- 19. Provide manufacturer maintenance instructions and warranty information.
- 20. Protect existing property not being renovated from damage.
- 21. Maintain a safe working environment.

22. Provide all miscellaneous materials, tools, and labor needed to complete the job.
23. Always wear proper personal protective equipment (PPE).
24. Minimize noise, fumes, dust, and disruption.

### **3. DELIVERABLES:**

Contractor shall provide the following deliverables:

1. Within two (2) weeks of award notification, provide to the COR a proposed schedule for the design process, physical sample mock-up, and remaining work for approval by the COR.
2. Digitally create and present carpet designs as required in the Carpet Specifications section of this SOW for review and approval by the COR.
3. Submit product data information as required in the Requirements section of this SOW for review and approval by the COR.
4. Provide to the COR physical sample(s) of the proposed carpet within three (3) months of the carpet design approval.
5. Provide to the COR the indoor air quality strategy in coordination with the proposed schedule at least two (2) weeks before the start of work.
6. Provide to the COR the list of subcontractors and workers for approval and security clearance at least two (2) weeks before the start of work.
7. Provide all labor and material to install the carpet and padding as identified in this SOW.
8. Conduct a punch list walk-through with the COR after the completion of work.
9. Complete all punch list items identified by the COR within three (3) days.

#### **3.1 SCHEDULE FOR PERFORMANCE AND DELIVERABLES:**

The period of performance for this contract shall start on the date of award and end within twenty (20) weeks of the date of award. On-site demolition and installation shall take less than three (3) weeks.

All work will be coordinated by the COR and shall be conducted between the hours of 8:30 AM and 4:30 PM. The contractor shall work around the schedule of Court staff.

The schedule of work and the end of the period of performance may be modified at the sole discretion of the COR. Changes to the schedule and the end date of the period of performance are not considered modifications of the contract.

#### **3.2 REVIEW PERIOD FOR DELIVERABLES:**

The COR will review the Contractor's work within three (3) business days of completion and Contractor shall correct any noted deficiencies within three (3) business days of notification. Contractor shall make any necessary corrections at no additional cost to the Court.

#### **3.3 ACCEPTANCE CRITERIA FOR DELIVERABLES:**

The COR will review all deliverables for accuracy, quality, and completeness and will provide final acceptance of the work performed.

### **4. ENVIRONMENT:**

The scope area is in the center of the first floor of the Elbert P. Tuttle U. S. Court of Appeals

Building as described below:

1. **Center floor area:** approx. 4,056 SF/451 SY (There are at least two dozen electrical floor boxes and two moveable partitions).
2. **Right corridors:** 1,200 SF/134 SY (long side boundary to center floor area with 3 corridor off-shoots)
3. **Left corridors:** 1,683 SF/187 SY (long side boundary to center floor area with 3 corridor off-shoots)
4. **Reception room:** 766 SF/86 SY
5. Refer to the attached drawing, **Scope Area for Training Room Carpet**, for the approximate boundaries.

**Access:**

Contractor shall coordinate onsite work with the COR to maintain access to and from adjacent spaces.

The areas near the work area may at times have limited access but will not be blocked completely. Contractor shall protect all non-affected areas. Work area shall be always kept clean and neat. Contractor shall repair any damage done by contractor personnel to existing facilities, furnishings, and finishes at no cost to the Court. Contractor shall notify the COR prior to the start of work of the discovery of any prior damage to the property.

**Indoor Air Quality:**

If any part of the work will generate fumes and/or other airborne contaminants, contractor shall develop an indoor air quality mitigation strategy for review and approval by the COR before starting any work.

Contractor shall discuss any temporary adjustments to the mechanical distribution system with the COR and maintenance staff to isolate and/or ventilate the work area. If the COR determines that extra ventilation is required, contractor shall provide an adequate number of HEPA fan units with sufficient plastic tubing to extend from the project area to an appropriate ventilation source approved by the COR. If opening of an exterior door is required to disperse fumes, contractor shall hire a court security officer to monitor the door opening(s). Contractor shall assume costs of \$500 per person per day per door for court security officers. The contractor shall procure and coordinate the services of the court security officer through the U. S. Marshals Service and the onsite security supervisor. The COR will provide names and contact information for these individuals.

**4.1 LOCATION FOR PERFORMANCE:**

All work shall be completed within the Elbert P. Tuttle U. S. Court of Appeals Building located at 56 Forsyth Street NW, Atlanta, Georgia 30303.

**4.2 GOVERNMENT FURNISHED PROPERTY:**

The Court will provide access to the work areas requiring service.

#### **4.3 CONTRACTOR FURNISHED MATERIAL:**

Contractor shall provide all labor and material for this project.

#### **4.4 SECURITY:**

Contractor shall provide the COR with the full names and dates of birth for all workers two (2) weeks in advance of the project start date.

All workers shall always be escorted by a contractor crew member with a GSA-issued contractor badge, a Court employee, or a court security officer (CSO) hired by contractor specifically for the project. Contractor shall ensure that visual oversight is always provided, with no single escort supervising more than 5 workers at one time. Contractor shall assume that only one Court employee will be available to assist with escorting. Contractor shall assume costs of \$500 per person per day per work area for additional court security officers needed and hired by contractor specifically for the project. The contractor shall procure and coordinate the services of the court security officers through the U. S. Marshals Service and the onsite security supervisor. The COR will provide names and contact information for these individuals.

For the movement of materials into and out of the Tuttle Building requiring more than a single three-foot-wide door opening, contractor shall hire a court security officer (CSO) specifically for the project in increments of four hours. Contractor shall assume costs of \$250 for each four-hour increment. Contractor shall coordinate the services of the court security officer through the U. S. Marshals Service and the onsite security supervisor. The COR will provide names and contact information for these individuals.

#### **4.5 SITE VISIT:**

A site visit will be held at **10:00 AM ET on Wednesday, 26 May 2021** at the Elbert P. Tuttle U. S. Court of Appeals Building located at **56 Forsyth Street NW, Atlanta, GA 30303**.

Please contact **Christina Roberts, Contracting Officer's Representative (COR)** at 404-335-6574 or christina\_roberts@ca11.uscourts.gov if you plan to attend the site visit.

Unlike the other federal courts of appeal which utilize a standard seal, starkly simple in form, the Eleventh Circuit asked the U.S. Army Department of Heraldry to design an appropriate seal to symbolize the new Court. The dramatic seal of the Court shows the American eagle in a protective attitude symbolizing federal authority and the protection the law provides equally to all citizens. The eagle stands on a gold-edged book representing the law of the land. It is accompanied by the Scales of Justice bearing three stars symbolic of the three states composing the Eleventh Circuit. Inscribed underneath is the phrase “Equal Justice Under Law.” The blue field in the center of the seal represents candor and fairness, while the white background along the edge of the seal – which bears the name of the Court – symbolizes truth, hope, and purity.

Note: Executive Order (EO) 13706 Establishing Paid Sick Leave for Federal Contractors applies to all contracts subject to the Service Contract Act for which the contract is awarded (and any solicitation was issued) on or after January 1 2017. If this contract is covered by the EO the contractor must provide employees with 1 hour of paid sick leave for every 30 hours they work up to 56 hours of paid sick leave each year. Employees must be permitted to use paid sick leave for their own illness injury or other health-related needs including preventive care; to assist a family member (or person who is like family to the employee) who is ill injured or has other health-related needs including preventive care; or for reasons resulting from or to assist a family member (or person who is like family to the employee) who is the victim of domestic violence sexual assault or stalking. Additional information on contractor requirements and worker protections under the EO is available at [www.dol.gov/whd/govcontracts](http://www.dol.gov/whd/govcontracts).

ALL OCCUPATIONS LISTED ABOVE RECEIVE THE FOLLOWING BENEFITS:

HEALTH & WELFARE: \$4.54 per hour up to 40 hours per week or \$181.60 per week or \$786.93 per month

HEALTH & WELFARE EO 13706: \$4.22 per hour up to 40 hours per week or \$168.80 per week or \$731.47 per month\*

\*This rate is to be used only when compensating employees for performance on an SCA-covered contract also covered by EO 13706 Establishing Paid Sick Leave for Federal Contractors. A contractor may not receive credit toward its SCA obligations for any paid sick leave provided pursuant to EO 13706.

VACATION: 2 weeks paid vacation after 1 year of service with a contractor or successor; and 3 weeks after 8 years. Length of service includes the whole span of continuous service with the present contractor or successor wherever employed and with the predecessor contractors in the performance of similar work at the same Federal facility. (Reg. 29 CFR 4.173)

HOLIDAYS: A minimum of ten paid holidays per year: New Year's Day Martin Luther King Jr.'s Birthday Washington's Birthday Memorial Day Independence Day Labor Day Columbus Day Veterans' Day Thanksgiving Day and Christmas Day. (A contractor may substitute for any of the named holidays another day off with pay in accordance with a plan communicated to the employees involved.) (See 29 CFR 4.174)

THE OCCUPATIONS WHICH HAVE NUMBERED FOOTNOTES IN PARENTHESES RECEIVE THE FOLLOWING:

1) COMPUTER EMPLOYEES: Under the SCA at section 8(b) this wage determination does not apply to any employee who individually qualifies as a bona fide executive administrative or professional employee as defined in 29 C.F.R. Part 541. Because most Computer System Analysts and Computer Programmers who are compensated at a rate not less than \$27.63 (or on a salary or fee basis at a rate not less than \$455 per week) an hour would likely qualify as exempt computer professionals (29 C.F.R. 541.400) wage rates may not be listed on this wage determination for all occupations within those job families. In addition because this wage determination may not list a wage rate for some or all occupations within those job families if the survey data indicates that the prevailing wage rate for the occupation equals or exceeds \$27.63 per hour conformances may be necessary for certain nonexempt employees. For example if an individual employee is nonexempt but nevertheless performs duties within the scope of one of the Computer Systems Analyst or Computer Programmer occupations for which this wage determination does not specify an SCA wage rate then the wage rate for that employee must be conformed in accordance with the conformance procedures described in the conformance note included on this wage determination.

Additionally because job titles vary widely and change quickly in the computer industry job titles are not determinative of the application of the computer professional exemption. Therefore the exemption applies only to computer employees who satisfy the compensation requirements and whose primary duty consists of:

(1) The application of systems analysis techniques and procedures including consulting with users to determine hardware software or system functional specifications;

(2) The design development documentation analysis creation testing or modification of computer systems or programs including prototypes based on and related to user or system design specifications;

(3) The design documentation testing creation or modification of computer programs related to machine operating systems; or

(4) A combination of the aforementioned duties the performance of which requires the same level of skills. (29 C.F.R. 541.400).

2) AIR TRAFFIC CONTROLLERS AND WEATHER OBSERVERS - NIGHT PAY & SUNDAY PAY: If you work at night as part of a regular tour of duty you will earn a night differential and receive an additional 10% of basic pay for any hours worked between 6pm and 6am. If you are a full-time employed (40 hours a week) and Sunday is part of your regularly scheduled workweek you are paid at your rate of basic pay plus a Sunday premium of 25% of your basic rate for each hour of Sunday work which is not overtime (i.e. occasional work on Sunday outside the normal tour of duty is considered overtime work).

**\*\* HAZARDOUS PAY DIFFERENTIAL \*\***

An 8 percent differential is applicable to employees employed in a position that represents a high degree of hazard when working with or in close proximity to ordnance explosives and incendiary materials. This includes work such as screening blending dying mixing and pressing of sensitive ordnance explosives and pyrotechnic compositions such as lead azide black powder and photoflash powder.

All dry-house activities involving propellants or explosives. Demilitarization modification renovation demolition and maintenance operations on sensitive ordnance explosives and incendiary materials. All operations involving re-grading and cleaning of artillery ranges.

A 4 percent differential is applicable to employees employed in a position that represents a low degree of hazard when working with or in close proximity to ordnance (or employees possibly adjacent to) explosives and incendiary materials which involves potential injury such as laceration of hands face or arms of the employee engaged in the operation irritation of the skin minor burns and the like; minimal damage to immediate or adjacent work area or equipment being used. All operations involving unloading storage and hauling of ordnance explosive and incendiary ordnance material other than small arms ammunition. These differentials are only applicable to work that has been specifically designated by the agency for ordnance explosives and incendiary material differential pay.

**\*\* UNIFORM ALLOWANCE \*\***

If employees are required to wear uniforms in the performance of this contract (either by the terms of the Government contract by the employer by the state or local law etc.) the cost of furnishing such uniforms and maintaining (by laundering or dry cleaning) such uniforms is an expense that may not be borne by an employee where such cost reduces the hourly rate below that required by the wage determination. The Department of Labor will accept payment in accordance with the following standards as compliance:

The contractor or subcontractor is required to furnish all employees with an adequate number of uniforms without cost or to reimburse employees for the actual cost of the uniforms. In addition where uniform cleaning and maintenance is made the responsibility of the employee all contractors and subcontractors subject to this wage determination shall (in the absence of a bona fide collective bargaining agreement providing for a different amount or the furnishing of contrary affirmative proof as to the actual cost) reimburse all employees for such cleaning and maintenance at a rate of \$3.35 per week (or \$.67 cents per day). However in those instances where the uniforms furnished are made of "wash and wear" materials may be routinely washed and dried with other personal garments and do not require any special treatment such as dry cleaning daily washing or commercial laundering in order to meet the cleanliness or appearance standards set by the terms of the Government contract by the contractor by law or by the nature of the work there is no requirement that employees be reimbursed for uniform maintenance costs.

**\*\* SERVICE CONTRACT ACT DIRECTORY OF OCCUPATIONS \*\***

The duties of employees under job titles listed are those described in the "Service Contract Act Directory of Occupations" Fifth Edition (Revision 1) dated September 2015 unless otherwise indicated.

**\*\* REQUEST FOR AUTHORIZATION OF ADDITIONAL CLASSIFICATION AND WAGE RATE Standard Form 1444 (SF-1444) \*\*****Conformance Process:**

The contracting officer shall require that any class of service employee which is not listed herein and which is to be employed under the contract (i.e. the work to be performed is not performed by any classification listed in the wage determination) be classified by the contractor so as to provide a reasonable relationship (i.e. appropriate level of skill comparison) between such unlisted classifications and the classifications listed in the wage determination (See 29 CFR 4.6(b)(2)(i)). Such conforming procedures shall be initiated by the contractor prior to the performance of contract work by such unlisted class(es) of employees (See 29 CFR 4.6(b)(2)(ii)). The Wage and Hour Division shall make a final determination of conformed classification wage rate and/or fringe benefits which shall be paid to all employees performing in the classification from the first day of work on which contract work is performed by them in the classification. Failure to pay such unlisted employees the compensation agreed upon by the interested parties and/or fully determined by the Wage and Hour Division retroactive to the date such class of employees commenced contract work shall be a violation of the Act

and this contract. (See 29 CFR 4.6(b)(2)(v)). When multiple wage determinations are included in a contract a separate SF-1444 should be prepared for each wage determination to which a class(es) is to be conformed.

The process for preparing a conformance request is as follows:

- 1) When preparing the bid the contractor identifies the need for a conformed occupation(s) and computes a proposed rate(s).
- 2) After contract award the contractor prepares a written report listing in order the proposed classification title(s) a Federal grade equivalency (FGE) for each proposed classification(s) job description(s) and rationale for proposed wage rate(s) including information regarding the agreement or disagreement of the authorized representative of the employees involved or where there is no authorized representative the employees themselves. This report should be submitted to the contracting officer no later than 30 days after such unlisted class(es) of employees performs any contract work.
- 3) The contracting officer reviews the proposed action and promptly submits a report of the action together with the agency's recommendations and pertinent information including the position of the contractor and the employees to the U.S. Department of Labor Wage and Hour Division for review (See 29 CFR 4.6(b)(2)(ii)).
- 4) Within 30 days of receipt the Wage and Hour Division approves modifies or disapproves the action via transmittal to the agency contracting officer or notifies the contracting officer that additional time will be required to process the request.
- 5) The contracting officer transmits the Wage and Hour Division's decision to the contractor.
- 6) Each affected employee shall be furnished by the contractor with a written copy of such determination or it shall be posted as a part of the wage determination (See 29 CFR 4.6(b)(2)(iii)).

Information required by the Regulations must be submitted on SF-1444 or bond paper.

When preparing a conformance request the ""Service Contract Act Directory of Occupations"" should be used to compare job definitions to ensure that duties requested are not performed by a classification already listed in the wage determination. Remember it is not the job title but the required tasks that determine whether a class is included in an established wage determination. Conformances may not be used to artificially split combine or subdivide classifications listed in the wage determination (See 29 CFR 4.152(c)(1))."

# U.S. DEPARTMENT OF LABOR

The purpose of the discussion below is to advise contractors which are subject to the Walsh-Healey Public Contracts Act or the Service Contract Act of the principal provisions of these acts.

## WALSH-HEALEY PUBLIC CONTRACTS ACT

**General Provisions**—This act applies to contracts which exceed or may exceed \$10,000 entered into by any agency or instrumentality of the United States for the manufacture or furnishing of materials, supplies, articles, or equipment. The act establishes minimum wage, maximum hours, and safety and health standards for work on such contracts, and prohibits the employment on contract work of convict labor (unless certain conditions are met) and children under 16 years of age. The employment of homeworkers (except homeworkers with disabilities employed under the provisions of Regulations, 29 CFR Part 525) on a covered contract is not permitted.

In addition to its coverage of prime contractors, the act under certain circumstances applies to secondary contractors performing work under contracts awarded by the Government prime contractor.

All provisions of the act except the safety and health requirements are administered by the Wage and Hour Division.

**Minimum Wage**—Covered employees must currently be paid not less than the Federal minimum wage established in section 6(a)(1) of the Fair Labor Standards Act.

**Overtime**—Covered workers must be paid at least one and one-half times their basic rate of pay for all hours worked in excess of 40 a week. Overtime is due on the basis of the total hours spent in all work, Government and non-Government, performed by the employee in any week in which covered work is performed.

**Child Labor**—Employers may protect themselves against unintentional child labor violations by obtaining certificates of age. State employment or age certificates are acceptable.

**Safety and Health**—No covered work may be performed in plants, factories, buildings, or surroundings or under work conditions that are unsanitary or hazardous or dangerous to the health and safety of the employees engaged in the performance of the contract. The safety and health provisions of the Walsh-Healey Public Contracts Act are administered by the Occupational Safety and Health Administration.

**Posting**—During the period that covered work is being performed on a contract subject to the act, the contractor must post copies of Notice to Employees Working on Government Contracts in a sufficient number of places to permit employees to observe a copy on the way to or from their place of employment.

**Responsibility for Secondary Contractors**—Prime contractors are liable for violations of the act committed by their covered secondary contractors.

## SERVICE CONTRACT ACT

**General Provisions**—The Service Contract Act applies to every contract entered into by the United States or the District of Columbia, the principal purpose of which is to furnish services in the United States through the use of service employees. Contractors and subcontractors performing on such Federal contracts must observe minimum wage and safety and health standards, and must maintain certain records, unless a specific exemption applies.

**Wages and Fringe Benefits**—Every service employee performing any of the Government contract work under a service contract in excess of \$2,500 must be paid not less than the monetary wages, and must be furnished the fringe benefits, which the Secretary of Labor has determined to be prevailing in the locality for the classification in which the employee is working or the wage rates and fringe benefits (including any accrued or prospective wage rates and fringe benefits) contained in a predecessor contractor's collective bargaining agreement. The wage rates and fringe benefits required are usually specified in the contract but in no case may employees doing work necessary for the performance of the contract be paid less than the minimum wage established in section 6(a)(1) of the Fair Labor Standards Act. Service contracts which do not exceed \$2,500 are not subject to prevailing rate determinations or to the safety and health requirements of the act. However, the act does require that employees performing work on such contracts be paid not less than the minimum wage rate established in section 6(a)(1) of the Fair Labor Standards Act.

**Overtime**—The Fair Labor Standards Act and the Contract Work Hours Safety Standards Act may require the payment of overtime at time and one-half the regular rate of pay for all hours work on the contract in excess of 40 a week. The Contract Work Hours Safety Standards Act is more limited in scope than the Fair Labor Standards Act and generally applies to Government contracts in excess of \$100,000 that require or involve the employment of laborers, mechanics, guards, watchmen.

**Safety and Health**—The act provides that no part of the services in contracts in excess of \$2,500 may be performed in buildings or surroundings or under working conditions, provided by or under the control or supervision of the contractor or subcontractor, which are unsanitary or hazardous or dangerous to the health or safety of service employees engaged to furnish the services. The safety and health provisions of the Service Contract Act are administered by the Occupational Safety and Health Administration.

**Notice to Employees**—On the date a service employee commences work on a contract in excess of \$2,500, the contractor (or subcontractor) must provide the employee with a notice of the compensation required by the act. The posting of the notice (including any applicable wage determination) contained on the reverse in a location where it may be seen by all employees performing on the contract will satisfy this requirement.

**Notice in Subcontracts**—The contractor is required to insert in all subcontracts the labor standards clauses specified by the regulations in 29 CFR Part 4 for Federal service contracts exceeding \$2,500.

**Responsibility for Secondary Contractors**—Prime contractors are liable for violations of the act committed by their covered secondary contractors.

**Other Obligations**—Observance of the labor standards of these acts does not relieve the employer of any obligation he may have under any other laws or agreements providing for higher labor standards.

**Additional Information**—Additional Information and copies of the acts and applicable regulations and interpretations may be obtained from the nearest office of the Wage and Hour Division or the national office in Washington, D.C. Information pertaining to safety and health standards may be obtained from the nearest office of the Occupational Safety and Health Administration or the national office in Washington, D.C.
